The following table sets forth the estimated amounts and sources of the current distribution for purposes of Section 19 of the Investment Company Act of 1940, as amended. In accordance with generally accepted accounting principles, the Fund estimates the following percentages of the total distribution amount per share attributable to net investment income and return of capital or other capital source.

Estimated Current Distribution from:	Estimated Percentage (%) breakdown of the current distribution
Net Investment Income	64.11%
Long-Term Capital Gains	0.00%
Short-Term Capital Gains	0.00%
Return of Capital	35.89%
Total Distribution	100.00%

The amounts and sources of distributions reported in this 19(a) Notice are only estimates, are likely to change over time, and are not being provided for tax reporting purposes. A final determination of the tax character of distributions paid by the Fund will not be known until the completion of the fiscal year. The actual amounts and sources of the amounts for accounting and tax reporting purposes will depend upon the Fund's investment experience during the remainder of its fiscal year and may be subject to changes based on tax regulations. The final determination of the tax character of the distributions paid in 2022 will be reported to shareholders in early 2023 on Form 1099-DIV.
